FOR THE DEFENSE.

Navy Department Has a Formidable Array of Vessels on Duty at the Isthmus.

TEN WAR SHIPS IN ALL ARE THERE

So Far No Colombian Troops Have Been Discovered on the Southern Portion of Panama.

There is a Growing Feeling on the Part of the People of Bolivar to Accept the Situation on the Isthmus.

Panama, Dec. 21.—Serious trouble is reported in the Darien district. The Americans who arrived there Sunday were notified by the Colombians to leave in 24 hours. This ultimatum, it is thought, will be disregarded by the American commanders.

Washington, Dec. 21.—The navy department Sunday received a cablegram from Rr. Adm. Glass, commanding the naval forces on the isthmus, giving a general summary of the conditions that prevail there and of the various steps that have been taken by the navy. The cablegram stated that everything was quiet. The text of the dispatch was not made public.

The navy department has now a very formidable array of vessels on duty at the Isthmus of Panama. To the south of the isthmus are the Concord, the Boston, the Wyoming and the Marblehead, to be augmented by the New York, Rr. Adm. Glass' regular flagship.

To the east of the isthmus are the Mayflower, the Prairie, the Atlanta, the Nashville and the Bancroft. Proceeding southward to join the other vessels under immediate command of Rr. Adm. Coghlan is the Olympia, his regular flagship.

Naval officials say that so far as the reports at hand show no Colombian troops have been discovered on the southern part of the isthmus, while on the other side the only ones seen have been those on the shore bordering on the Gulf of Darien.

Panama, Dec. 21.—News was brought Sunday night by the steamer Martinique, from Savanilla, that two battalions of Colombian troops have left Savanilla for Quidedo.

A passenger on the Martinique declares that everything is quiet at Savanilla, and that there is a growing feeling on the part of the people of the department of Bolivar to accept the situation on the isthmus.

It is reported that President Marroquin recently sent this cablegram to Gen. Reyes at Washington: "Any negotiations which do not look to the re-establishment of the integrity of Colombia will not be acceptable."

Gen. Reyes is said to have replied in part as follows: "All aggression against Panama will be disastrous for Colombia. I will undertake further negotiations."

The dates of the cablegrams are not given.

Three hundred and eighty marines are now at Empire Station, on the Panama railroad, under the command of Maj. John A. Lejeune. The marines are comfortably settled and are well supplied with good water.

The four companies of marines at present occupy 14 one-story houses belonging to the canal company. The company commanders are respectively Capt. Hiram R. Bears, Capt. William W. Low, Capt. Louis M. Little and Capt. John N. Wright. Capt. Smedley D. Butler, formerly of the converted cruiser Prairie, is in command of the company of marines at Yaviza.

The marines have done some scouting for the purpose of ascertaining the condition of the nearby trails and the points to which they lead.

OFF FOR THE PHILIPPINES.

Second United States Cavalry Sailed on the Transport Kilpatrick.

New York, Dec. 21.—With the Second United States cavalry, six troops of which came here from Fort Ethan Allen, Vt., and the remainder from Fort Myer, Va., the United States army transport Kilpatrick, bound to Manila by way of Suez, left port Sunday. It is expected that the voyage will occupy about 50 days. The Second cavalry, upon its arrival in the Philippines, will relieve the Fifteenth cavalry, which has completed its two years foreign service.

Mrs. Leonard Wood and her three children, for whom special permission to take the transport was issued, did not sail.

Paducah, Ky., Dec. 21.—Mrs. Will Burtram, charged with killing Artie Johnson at Benton last Tuesday, was acquitted at her examination trial Saturday. She pleaded temporary insanity.

IN A SAILORS' RESORT.

The Fearfully Mutilated Body of a Woman Found.

New York, Dec. 21.—The Whitechapel atrocities of "Jack the Ripper" and the murder of "Old Shakspeare" by the Arab, Ben Ali, in this city, were recalled by the discovery Sunday of the fearfully mutilated body of a woman in a sailors' resort of the lowest type in James Slip, near the East river. The woman, who was identified as Sarah Martin, a notorious character of the "Cherry Hill" section, went to the place Saturday night accompanied by a man who appeared to be a Swede and who registered as Carl Nelson and wife. They left the hotel Sunday afternoon and an hour later the body of his companion was found. The woman's throat had been cut and the body was otherwise frightfully mutilated. She had evidently been killed while asleep, as the condition of the room gave no indications that a struggle had taken place. The man carried two bundles which were found in the room and which may afford a possible clue to the murderer.

CRAFT IN DANGER.

A Rise of Three Feet in the Ohio River at Cincinnati.

Cincinnati, Dec. 21.—With the Ohio river frozen over and great gorges at most places, the rise of nearly three feet Sunday threatens danger for all kinds of craft. The steamer Courier is ice-bound at Hanging Rock, and many men are employed trying to liberate her by blasting. The Miami rivers and the Licking emptied ice into the Ohio freely Sunday.

The harbor steamer "Ada V," valued at \$3,000, and owned by B. J. Riggs, of Newport, Ky., was sunk here in ten feet of water Sunday by a "run out of ice" from the Licking, and if the rise continues her upper decks will be carried away before the hull can be raised. If thawing weather is accompanied by a rise there will be much damage.

THE LIVERY DRIVERS' STRIKE.

Funerals Postponed Until After the Trouble Is Settled.

Chicago, Dec. 21.—Shrinking from the espionage of union pickets and fearful that funeral parties would be attacked by the striking livery drivers, many Chicago families have refrained from publicly announcing their bereavement. In the vaults of several undertakers lie the bodies of persons about, whose death the utmost secrecy is maintained, and whose funerals will be postponed until after the settlement of the strike. In other cases the stricken relatives have arranged for evening funerals and private burials, of which no announcement is made.

TO PREVENT A LYNCHING.

Justice Morris Held Court at 3 O'Clock in the Morning.

Norfolk, Va., Dec. 21.—To save Charlie Bynum, a Negro, from lynching, Justice Morris, of Driver, Va., held court at 3 o'clock Sunday morning by the light of the fire the Negro is accused of having started. Bynum is charged with having set on fire the barn of John Bond. In the fire several fine horses, a number of vehicles, farm implements and several thousand pounds of cotton were destroyed. Bynum was bound over for trial.

SENATOR HANNA ILL.

He Is Confined to His Room With a Severe Cold.

New York, Dec. 21.—Senator Marcus A. Hanna, who was too ill to attend the banquet of the national executive committee of the Civic Federation Saturday evening, was confined to his room at the Waldorf-Astoria all Sunday. He is being attended by Dr. Calvin Adams, who said Sunday night that the senator had a severe cold, which was in no way serious, but that he had advised Mr. Hanna to remain within doors for the present.

Baltimore, Dec. 21.—The plant of the McShane Co., manufacturers of plumbers' supplies, was damaged by fire to the amount of \$50,000 Monday morning. It is feared the watchman, Andrew Burns, lost his life in the flames, as he is missing.

Killed His Wife and Himself.

THE WHOLE FAMILY

A Cleveland Machinist Killed His Wife, Three Little Children and Himself by Shooting.

DEED WAS DUE TO DESPENDENCY.

An Impoverished Condition of Family Purse and the Near Approach of the Holidays.

Woman Was Probably Killed While Sleeping, But Indications Are That There Was a Struggle on the Part of Two Children.

Cleveland, O., Dec. 21.—Roscoe W. Derby, a machinist, and about 45 years old, exterminated his family early Sunday by shooting his wife, his three children and then himself. The crime is believed to have been due to despondency over the impoverished condition of the family purse and the near approach of Christmas.

The crimes were extraordinary in their thoroughness and there was evidently no mishap in the enactment. The wife was killed first while sleeping at her husband's side in bed; two of the children were killed as they ran through the house in the darkness of the early morning, endeavoring to escape their merciless parent. The third child was killed in its bed after its elder brother and sister had been killed. The dead: Roscoe W. Derby, his wife Della, Harold, aged 8, Alice, 7, and Thomas, aged 5.

Derby had been down-town as late as 11 o'clock Saturday night, ostensibly shopping, but in all probability securing ammunition for his revolver. When he got home his wife and he talked with a neighbor who had been calling over the approaching feast. Derby seemed pale and nervous. Shortly after his arrival at home the neighbor left and the Derby family went to bed.

The crime is believed to have been committed about 4 o'clock Sunday morning. Mrs. Derby was shot to death in bed, two bullets having been fired into her forehead and a third, probably fired after the children had been exterminated, in the back of the neck. Mrs. Derby probably was killed during sleep, the expression on her face showing no sign of a struggle, and it was calm and peaceful. Two of the children, however, probably had a struggle, because they had been awakened by the noise of the revolver being fired and sought to escape him, but without avail. Harold's body was found lying in a pool of blood in the kitchen and that of Alice in the dining room with her face to the floor and a bullet in her breast. Harold may have been chased by his father, as there was evidence of flight in the manner in which the furnishings of the kitchen were thrown about. From the location of bullets in his head the boy evidently was caught by his father in a strong grasp and held while the weapon was placed against the little fellow's forehead and the bullets sent into his brain.

There was also evidence of a struggle on Alice's part. The last of the children to die was Thomas. He had remained in bed, probably still asleep, and also received bullets in his head, dying instantly. After the extraordinary crimes had been committed, the perpetrator of them went into the bed room where his wife had been killed and, lying down at her side, fired a bullet into his own brain and died at his wife's side.

A number of pool-room race checks were found about the house, showing that Derby had been trying his luck on betting.

The first knowledge of the crime was communicated in a letter written by Derby Saturday to a friend, who lived not far away, and which was sent him by special delivery. The letter was to the effect that when it had been received, the Derby family would be dead. When the friend hurried to the house Sunday morning, all that had been promised was seen to have been fulfilled.

COMPANY MAY DISBAND.

Capt. Green Has Resigned and Three Men Under Arrest.

Covington, Ky., Dec. 21.—It is the opinion among the officers and men of Company I, of the K. S. G., that the company will disband. The company, which is composed of 54 members, has been the pride of the citizens of Covington.

The causes leading up to present conditions are the resignation of Capt. E. J. Green and the arrest and prosecution of First Lieut. J. S. Stephens, First Serg. Charles Shumate and Private Ben Thomas on the charge of stealing arms and clothing from the armory in the Seventh street market house.

Stephens was bound over to the grand jury in the sum of \$500. Shumate and Thomas were held by the United States authorities, each in the sum of \$2,000, to appear at the April term of the United States district court. In default of bail, all three were placed in the Covington jail.

CANNONS BOOMED

Our Flag Rose to the Top of the Staff in Historic Place d'Arms.

AMID THE RINGING OF BELLS.

Centennial Celebration of the Louisiana Transfer Ends in a Burst of Patriotism at New Orleans.

Festooned in the Nave of the Old St. Louis Cathedral Were the Flags of Spain, France and the United States.

New Orleans, Dec. 21.—Under the sunniest of skies Sunday, the Stars and Stripes rose to the top of the tall staff in the historic Place d'Arms, amid cheers, the ringing of cathedral bells, the roar of cannon, and the centennial celebration of the Louisiana transfer ended in a burst of patriotism. The day's exercises opened with the pontifical mass in the old St. Louis cathedral, built while the Spaniards were still in possession of Louisiana, the shrine to which Andrew Jackson went immediately after the battle of New Orleans to hear the high mass of thanksgiving sung for the victory of the American arms. Festooned in the great nave were the flags of the three celebrating nations, Spain, France and the United States. The immense auditorium was crowded with a representative congregation. Archbishop Chappelle officiated in the celebration of mass. The regular choir of the cathedral was supplemented with the principal artists of the French Opera Co. and a full orchestra.

Rev. Father De Lamoriniere, the Jesuit orator, preached an eloquent sermon, and Archbishop Chappelle spoke briefly from the altar upon the great significance of the occasion.

Following the mass there was a replica in the Cabildo of the scene and events of a century ago.

The treaty of cession, the powers of the commissioners and the declaration of Daussat placing the American commissioners in possession were read in turn. Then the keys of the city were delivered and the proclamation of the American governor was read.

The ceremonies concluded at a signal, the American flag rose to the high staff in Jackson's quarters, while the Washington artillery thundered a salute. In the river within view were the six American and French warships.

The Spanish cruiser Rio De La Plata was delayed by bad weather. She was given a noisy welcome when she reached the city just as the Cabildo exercises were concluded.

One of the features of the celebration has been the popular interest in the Spanish representation. Senor Tuero y Odonnell has been the recipient of unusual attention.

Big Scenic Production of "Quincy Adams Sawyer."

The big scenic production of "Quincy Adams Sawyer" in play form will be here to-night at the opera house. This engagement will attract more than ordinary interest because the famous novel of the same name, from which the play is taken, became recognized at once, when it came out two years ago, as "the best New England story ever written," and has continued to be known ever since as one of the best selling books in the country. Like father, like son, they say. And so, like book, like dramatization, you can say in some cases. Critics all say of "Quincy Adams Sawyer" in play form that it is "the best New England play ever written."

The same production will be seen here that proved so popular during the recent New York and Boston runs.

THE TOBACCO MARKET.

Review of Trade on the Breaks at Cincinnati the Past Week.

From a variety of causes, chiefly due to the weather conditions, the volume of transactions on the local breaks the past week has been very light, and not much improvement is looked for until there is a rise in temperature, so that shippers can strip and handle the new crop.

The light was poor on Thursday and Friday, and this condition always makes for restricted offerings, especially of the better grades.

The Burley Leaf Growers' Association is also a contributing factor in causing diminished offerings, for there are undoubtedly a large number of planters who have pinned their faith to the enterprise, and will for a time at least hold their tobaccos back, awaiting either their successful development or collapse.

Offerings of old tobaccos have been slightly in excess of the corresponding week of last year, but the total offerings have been about 40 per cent. less, and the heavy per centage is in the new crop exclusively, as can be seen by a glance at the figures below. Receipts also showed a heavy decline as compared with last week and the corresponding week of last year.

The very limited offerings of new tobacco did not afford much comment upon or form a basis for judgment as to the future trend in prices. The quality was exceptionally good and the condition fair, but a little "hard" from the cold weather.

You Are Invited

To visit my store and inspect my immense stock. It is now full and complete. It is clean and up-to-date. In variety it can't be beat. In quality no better can be produced.

Specialties For the Holidays.....

An unusually large stock of FIREWORKS and CANDIES of all kinds, Nuts, mixed and un-mixed; also, Oranges, Bananas, Lemons, Apples, Figs, Raisins, Dates, Citron, Lemon and Orange Peel, Dried Fruits, Prunes, Maple Sugar, Buckwheat Flour, Catsups, Oyster Cocktail Sauce, and every article in the Fancy Grocery Line; Oysters, Celery and Cranberries, Poultry and Game. My stock of Fine Teas is unusually large, and my stock of Canned Goods can't be surpassed, either in quantity or quality. Before the late heavy advances in Green Coffee I laid in a large supply. My goods in that line are attractive. My arrangements with a Southern planter who produces the goods enable me at all times to offer the Purest and Best Open Kettle New Crop MOLASSES. My stock is now unusually large. Have just received from the packers in Boston a very large invoice of FINE MACKEREL in kits and barrels; quality extra. My Roasted Coffee is always fresh and quality unsurpassed. My Special Blend at 25c. has no equal for the money. Perfection Flour is always the best. You make no mistake when you buy it.
Remember, I buy my goods in large quantities from first hands and can meet anybody's price; and don't forget I both WHOLESALE and RETAIL. Because of my largely increased business I was compelled to buy another house for storage room, and it is now full.

TO OUR PATRONS AND THE PUBLIC IN GENERAL:

The indications strongly point to the best holiday trade we have enjoyed for many years. The inducements we are holding out in prices, considering the class of goods we carry, must appeal to the intelligent people. Did they not, the public would not flock to our store as they do.

We need not again enumerate the elegant, sensible and useful lines of merchandise suitable for Christmas presents.

Our window displays tell that story better than we can tell it in the newspapers.

We ask our friends, and particularly those near home, not to defer their shopping in our line until the last day or two before the holidays. It is always best to avoid the rush incident to the last two or three days before Christmas.

In the last twenty-four hours we received a new supply of Choice Mufflers and Gloves. We call particular attention to them on account of their elegance.

We give Globe Trading Stamps.
